

A NATURAL REMEDY, SANDS' SARSAPARILLA.

Adapted to our constitution, and competent to cure of every curable disease, will be found in

WRIGHT'S Indian Vegetable Pills

OF THE NORTH AMERICAN COLLEGE OF HEALTH.

THESE extraordinary Pills are composed of plants which grow spontaneously in our own soil, and are therefore better adapted to our constitution than medicines concocted from foreign drugs, however well they may be compounded; and as the

INDIAN VEGETABLE PILLS are founded upon the principle that the human body is in truth

SUBJECT TO BUT ONE DISEASE viz: corrupt humors, and that said medicine cures this disease on

NATURAL PRINCIPLES, by cleansing and purifying the body, it will be manifest that the constitution be not entirely exhausted, a perseverance in their use, according to direction, is absolutely certain to drive disease of every name from the body.

THE INDIAN VEGETABLE PILLS will be found one of the best, if not the very best medicine in the world for the carrying out this

GRAND PURIFYING PRINCIPLE, because they expel from the body all morbid and corrupt humors (the cause of disease) in an easy and NATURAL MANNER, and while they every day

GIVE EASE AND PLEASURE, disease of every name is rapidly driven from the body.

Caution.

This is to inform the public that all genuine medicine has on the side of the boxes,

Wright's Indian Vegetable Pills, (INDIAN PURGATIVE) of the North American College of Health.

And also around the border of the label, will be found in small type, "Entered according to the act of Congress in the year 1810, by W. M. WRIGHT in the Clerk's office of the District Court, of the Eastern District of Pennsylvania."

It will further be observed that the printed directions for using the medicine, which accompany each box, are also entered according to Act of Congress, and the same form will be found at the bottom of the first page.

The public will also remember, that all who sell the genuine Indian Vegetable Pills, are provided with a certificate of agency, signed by

WILLIAM WRIGHT, Vice President, of North American College of Health.

PACAGE FROM AND LEMITTANCE TO GREAT BRITAIN AND IRELAND BY THE OLD LINE OF LIVERPOOL PACKETS.

PERSONS wishing to send to the Old Country for their friends, can make the necessary arrangements with the subscribers, and have them come out in the superior line of packets, sailing from Liverpool punctually on the 7th and 10th of every month. They also have a first rate class of American transient ships, sailing every six days, thereby affording a weekly communication from that port. And as they will not depend on an agent in Liverpool, Mr. James D. Roche, one of the firm, is sent, and will remain there during the year 1843, to see that all persons whose passages have been paid here, are forwarded with care and despatch. Should the parties agreed for not come out, the money will be returned to those who paid it here, without any deduction.

The ships comprising the Old Line are the OXFORD, NEW YORK, CAMBRIDGE, COLUMBUS, EUROPE, SOUTH AMERICA, ENGLAND, NORTH AMERICA.

Drafts at sight, for any amount, to prepare for outfit, can be had on Prescott, Grote, Ames & Co., Bankers, London, and on the Royal Bank of Ireland, which are paid free of discount or any charge whatever, in every town throughout England, Ireland, Scotland and Wales.

DANIELS & BELL keep constantly on hand Troy Flour for sale. 1 Jan. 2, 1844.

FOR THE REMOVAL AND PERMANENT CURE OF ALL DISEASES ARISING FROM AN IMPURE STATE OF THE BLOOD, OR HABIT OF THE SYSTEM, NAMELY:

Scrofula or King's Evil, Rheumatism, Obsolete Cutaneous Eruptions, Pimples or Pastules on the Face, Blisters, Biles, Chronic Sore Eyes, Ring Worm or Tetter, Scald Head, Enlargement and Pain of the Bones and Joints, Stubbish Ulcers, Syphilitic Sympoms, Scatula or Lombago, and Diseases arising from an impure blood of Mercury, Acute or Dropsy, Exposure or Imprudence in Life. Also, Chronic Constitutional Disorders.

This preparation is a combination heretofore unknown in the history of medicine, differing entirely in its character and operations from the various preparations of Sarsaparilla which have been at different times offered to the public. It acts specifically upon the whole system, thereby bringing it under its direct and immediate influence. Although possessed of powerful and controlling effects, yet it is entirely harmless, so that it cannot injure the most delicate constitution. When in perfect health, no effect is produced by its use except an increase of appetite; but when disease is seated in the frame and hurrying fast its victims along the path of life, then its mysterious influence is felt and seen; it kindles new life and vigor, and brings health and strength back to the suffering and diseased.

Essex, Conn., July 25, 1843. Messrs Sands—Gent: About eight years since, by being overheated and directly after exposed, I was seized with a severe cold, which deranged the whole system. Purple or livid spots appeared on the skin, attended with violent pain of the head; the symptoms being alarming, a physician was called, who prescribed blistering and leeching, which produced partial relief. Hard, bony lumps formed under the skin on various parts of the body, and the doctor pronounced my complaint hereditary scrofula, now for the first time developed. The following winter my sight failed in both eyes; medical aid was again resorted to; which relieved my sight during the summer; my nose now began to increase in size and the whole body rapidly enlarged with a dropsical swelling. The nose even grew very sore and discharged profusely the most loathsome substance. My whole system was involved in disease; the lumps softened and discharged freely, producing great debility; ulcers now broke out on the legs, and to complete my misery, the muscles and sinews contracted so that I was rendered nearly helpless. I remained with little change in this condition until last October, when I was suddenly seized with an indescribable sensation, which rendered me nearly unconscious, and my friends supposed it was the will of kind Providence to rid me of my sufferings, but from this I recovered only to suffer on; the ulcers had become one continuous sore entirely raw.

It was in this condition I commenced the use of your invaluable Sarsaparilla, which I saw published to use from the many remarkable cures I saw published. It came to me as some good angel; and I can scarcely tell why, yet from the moment I heard it mentioned I was impressed fully with the belief that this was to be the Good Samaritan for me—and truly it has wrought wonders in my case. After using it for a few days my pains grew easier, the swelling of the body and limbs went down, the ulcers commenced healing, and I rested well. After suffering everything but the pangs of death, how happy am I and how grateful do I feel, to be able to add another testimonial to the efficacy of your priceless Sarsaparilla.

My health is restored, and I have walked four miles without inconvenience. I superintend my family affairs, and in fact feel almost like being in a new world. I am induced to make this public acknowledgment from a deep sense of duty due to you as a means in the hands of God of restoring a fellow mortal from a premature grave. Language is inadequate to express my feelings. May the Lord be with you and make his face to shine upon you, is the desire of your much obliged and deeply indebted friend. To the afflicted I would say, Do not despair; for, however desperate your case may be, you surely have an antidote at hand—viz: SANDS' SARSAPARILLA. Trust to no other, however great their pretensions. MONSIEUR SIMMONS.

Middlesex Co. ss.—Essex, Conn., July 25, 1843. Personally appeared the above named Monsieur Simmons, and made oath to the facts contained in the foregoing statement, before me, GORDON SMITH, Justice of the Peace.

We the subscribers, being personally acquainted with Mrs. Monis Simmons, do not hesitate to say that we consider the above statement of her case substantially true and entitled to confidence.

Moat's Morrison pills.

THE GENUINE HYGEIAN VEGETABLE UNIVERSAL MEDICINE—Accurately prepared by Dr. H. S. Moat, of New York, from the original recipe used for many years by his late father, Mr. Thomas Moat, Vice President of the British College of Health.

Twenty years' successful administration of these celebrated medicines in Europe, and more than twelve years in the United States have established their high reputation. Thousands of both sexes, who have been restored to health, the numerous sufferers rescued from a premature death, and volumes of certified cases of cure, embracing every disease in the long catalogue of human misery; must convince the most incredulous, of their superiority and the truth of the Hygeian theory, resulting from scientific research and experience, namely, that "man is subject to only one real disease, impurity of the blood."

The medicines being composed entirely of herbs or vegetable matter, purify the blood, and carry off the corrupt humors of the body in a manner so simple as to give every day ease and pleasure.

Man will be torn to days of bile, compared to what has hitherto been his lot, weighed down as he has been by disease, infirmities, and sufferings which no earthly power knew how to alleviate, until this discovery was presented to the world. The weak, the feeble, the infirm, the nervous, the delicate, and the most obstinate complaints are removed by perseverance without the expense of a physician. Adapted to all circumstances and situations, they are the best medicines ever invented for Families, or to take to sea, preventing scurvy and constiveness, requiring no change of diet, particular regimen, or care against taking cold.

The propensity of these medicines, has induced many speculators to attempt imposition on the public, by forging the labels, or forcing their imitations into notice through the medium of the Press. Some of them pretend to Hygeian principles, by stealing from the writings of the Hygeist, and copying whole pages into their false advertisements.

But as they cannot copy the medicine, their specifics or their deleterious nostrums prove to be invalid, their puffing and piracy become evident; disappointment to the afflicted is eventual, and with just obloquy the pretenders sink into oblivion.

The Hygeian medicines, first introduced into this country by H. S. Moat, in 1830, have for the last four years been prepared by him, and the increasing sale attests their intrinsic merit; they comprise two sorts of Pills, No. 1 and No. 2, in single boxes of each at 25 or 50 cents; and Packets containing both sorts, at \$1, \$2, or \$3. The Vegetable Cleansing Powder, in large boxes, at 37 1/2 cents, with printed directions. Each packet has a fac-simile of the signature of H. Shepherd Moat, and to prevent counterfeits, are signed with a pen by the district agent and sub-agent on a label of yellow paper.

None are genuine unless they have these signatures, and are obtained from sub-agents who can produce their written appointments from the district agent, and whose names are advertised in their respective districts.

Principal office, 50 Canal-st. N. Y. The above medicine can be had of E. W. CLAPP, District Agent, at Jackson, Washington Co. N. Y., or of the following Sub-Agents: Wallingford, Henry H. Leonard, Rutland, W. E. C. Stoddard; West Rutland, Hitchcock & Morgan, Pawlet, Harrington Landon & Co.; Timmuth, Noah W. Sawyer; Danby, J. J. Vail. 30-1y

PRICE REDUCED.

The Resurrection or Persian Pills.

BEING composed of the Persian and Indian vegetable extracts, are therefore purely vegetable, and for eradicating disease in all its varied forms, they stand unrivalled. In their operation they effectually remove the very roots of disease—dyspepsia, diarrhoea, dysentery and all diseases arising from an impure state of the blood, or disordered system. They are not unpleasant in their effects, and at the same time restore and invigorate the system. They quicken the circulation, purify the blood, remove all diseased action, give a tone to the nerves, exhilarate the spirits, and give health and strength to the whole person. No family should be without the Persian Pills, for it might save them from the sick bed of a long and lingering disease of suffering; also a heavy bill of expense. The preventative is easily obtained and the expense small. They are the cheapest as well as the best pills in use—large box, 73 pills, for 50 cents—small box, 35 pills, for 25 cents. A pamphlet containing certificates and a history of the above Pills, may be had free, by calling on any of the agents.

Consumption & Liver Complaint.

DR TAYLOR'S BALSAM OF LIVERWORT, From 375 Bowery, New York.

FOR the cure of coughs, colds, catarrh, asthma, soreness of the chest, pain in the side and breast, raising of blood, Liver Complaints, Bronchitis and all those affections of the throat and lungs, which are a source of so much suffering, and, unrelieved, so often terminate in Consumption—this remedy is highly and justly distinguished. It is purely vegetable, mild and gentle at its effects upon the system, and can be taken in the most delicate cases, with safety as well as utility. Physicians, aware of its medical properties, and witnessing its effects even in extreme, and in some instances, apparently almost hopeless cases, often prescribe it in their practice, both as a palliative and a remedy, and with the medical Faculty generally, it has met with great approbation.

For a common Cold and cough, this is one of the very best remedies ever discovered.

N. B. There is a spurious and counterfeit article abroad, and lately introduced into the country; therefore be careful to get the genuine, which is from 375 Bowery, N. Y., and is for sale at the Rutland Bookstore by W. E. C. Stoddard; E. Jamieson, Castleton; A. Allen, Fairhaven; Noyes & Harris, East Poutney; Becht. E. Vail, Middlebury; Sam'l Townsend, jr. TO THE AFFLICTED.

Dr Bauning's Patent Lace.

For Hernia or Rupture of various kinds.

An immediate relief to Incipient Consumption, the Bronchitis of public speakers, Palpitation of the Heart, Dyspepsia, Spinal weakness, Piles; Protrusion of the Uterus and Anus, and Diseases of parient and childless Ladies without medicines.

THIS instrument has been examined by Drs. Mott, Rodgers, Francis and Griscom of New York, the faculty of Pittsburg, Hartford, New Haven and Middletown, Conn., and has obtained for itself their favorable testimony.

The following will show what kind of testimony might be adduced in many cases.

Middletown, Conn., June 25, 1843.

Dr. Boardman—Sir:—In answer to your inquiries respecting my case, I will merely say, that I have been sick since I strained my breast and loins in May 1836; from that time I continued to grow worse, when in the Fall of '39, I abandoned business, and have not done any thing since. I suppose, from all I could learn about my case,—frequent, rising blood, coughing very hard and expectorating profusely; deriving no benefit from many Physicians, and all medicines recommended to me—that my case was hopeless. Last winter my brother told me he had heard a good account of Dr. Bauning's Lace in such cases, and was anxious that I should try it; accordingly I procured one from you, and since I began to wear it my breathing, which was very short and laborious, became easy and natural; the pain and fluttering or palpitation of the heart has subsided, cough and expectoration greatly lessened, my limbs, which were exceedingly painful, have become useful, so that I can walk comfortably. I am able to shave myself with comfort, which for many years I have not been able to do.—The piles, which have troubled me for nine years, are nearly eradicated. I work some in the garden, and am able to ride four miles at once with pleasure and benefit. Yours, &c. WM. RANNEY.

Dr. G. M. Boardman.

Sir—I have been much afflicted for many years, with headache, pain in the breast, side, back and limbs, attended with loss of appetite, dizziness, languor, drowsiness and a general debility of the whole system; for which I have tried all the usual remedies, both externally and internally, without obtaining any permanent relief. I was induced to try Dr. Bauning's Patent Lace, and the benefit derived from it, surpasses all my expectations. I have not been so free from pain, nor enjoyed so good health, at this season of the year, for the last 20 years, and I attribute it entirely to the use of the Lace.

WM. WOODWARD.

Middletown, Conn., June 25, 1843.

Doct Boardman—Dear Sir: In answer to your enquiries respecting the effect of Dr. Bauning's Lace in the case of my wife, I will state that for twenty years past she has been afflicted with a complication of complaints to which females are subject. She has tried all the physicians and all medicines recommended for such complaints, without regard to expense, and found only temporary relief. Her most distressing complaints, palpitation of the heart, oppression and a sense of great weight at the pit of the stomach, prolapsus of the womb, &c., were relieved after wearing the Lace two hours, and she has continued to improve daily. With this view of the case, I cannot use language strong enough to convey my approval of the instrument.

STEPHEN BROOKS, Jr.

This may certify that a short time since I called on Duot Hibard, of Rutland, for advice in relation to myself. I had not walked for five months without assistance, and not then without extreme pain in my back, hips and loins, owing to prolapsus and a general falling down of the abdominal viscera, palpitation, nervous weakness, constiveness, a continual hollowness at the pit of the stomach, finally, continual derangement of the whole system. Dr Hibard applied one of "Dr Bauning's Patent Lace," and in less than one hour I could walk naturally, without any support but my own body, and almost entirely relieved from those distressing symptoms which have been growing more aggravated ever since last December. All the medicine I have taken has done me little or no good, because the right application was not applied, till I applied to Dr Hibard, and I feel certain that from present indications I am in a fair way to recover.

MARY THAYER.

Attest, Daniel Thayer.

Mrs. Eunice Todd.

Hampton, N. Y., Sept. 6, 1843.

DR. HIBARD, having purchased from Dr. Bauning the exclusive right to vend the "Patent Lace," in this vicinity, will keep on hand an assortment sufficient for those who may call for the same. The subscriber has, in his extensive chronic practice in Vermont, for the last seven years, seen the absolute want of this mechanical application, with the "Returned Practice" to meet the wants of the many distressing cases for which the Lace is applicable; and in candor and truth feels as though too much praise and gratitude could be bestowed on Dr. Bauning for his continual labors, for a number of years, to invent this instrument on such accurate physiological principles, so applicable, and affording so immediate relief to those cases for which it is designed. The undersigned has made a number of applications, and in no instance has it failed to benefit the patient, although it is but a few days since he applied the first. He feels confident that many of the chronic cases which he could not entirely cure, was for the want of this mechanical application, to keep the viscera of the body in proper relative position, that the patient, by exercise and proper medicine, might be restored.

Dr. Hibard, would tender his acknowledgments to his friends, for the liberal patronage he has received for the year past, and he will always endeavor to make all improvements, and adopt all real improvements, for those who may rely on him for relief of the various diseases of the human system. The subscriber (till further notice be given) will be ready to attend to calls from a distance on Mondays, Tuesdays and Wednesdays, and all days of the week to attend to practice in the vicinity, both by night and day.

Children Cry

FOR SHERMAN'S LOZENGES, and well they may, for they are as pleasant as the best Peppermint Candy, and possess all the properties requisite for curing them who are sick. Dr. Sherman is a celebrated Physician and a Member of the Medical Society of the City of New York, and has abandoned a large and lucrative practice to enable him to introduce Medicine in this pleasant form—Five years' experience, and the consumption of one hundred and twenty six tons of his Lozenges, has placed them beyond doubt and uncertainty.

WORMS CAUSE DEATH.

And many suffer for months and even years, from them, without suspecting the cause. They may be known by a bad breath, picking at the nose, gnawing of the stomach, painness about the lips and flushed cheeks, starting in sleep grinding of the teeth, pain in the stomach, belly, limbs and joints, flashes of heat, chills, drowsiness, headache, fits, bad taste in the mouth, dry cough, feverishness, voracious appetite, leaness, itching of the anus &c. The multitude of cases these Lozenges have cured is almost incredible and a failure has never been known.

MY HEAD WILL SPLIT

Is often said by those who are subject to a headache.—Sherman's Cough Lozenges will cure any case, no matter how bad, in ten minutes. They cure Palpitation of the Heart, Sea Sickness, Lowness of Spirits, Despondency, Fatigue and most Nervous Diseases in that short space of time. They dispel all the distressing symptoms of a night's dissipation, keep up the spirits and enable a person to undergo great mental and bodily toil. They enabled George, Washington Dixon to walk 72 hours without rest or sleep. He said he could not have done it without them.

MY COUGH WILL KILL ME

Say many and still they go on neglecting it till the grave swallow them up. Sherman's Cough Lozenges will immediately allay all ordinary cases. They cure the most obstinate recent ones in a few days, and prevent them from returning. In asthma, whooping cough, cough attending measles and tightness of the chest they give instant relief. In Consumption where death has not set in, these Lozenges will restore the bloom to the haggard cheek and health to the otherwise lost patient. They have cured a great many persons that had been given up by their physicians and friends. Their celebrity for curing coughs and colds so quick and easily is known throughout the civilized world and the demand for them is beyond the conception of all. Only three of five or six of these Lozenges are pleasant to the taste as a common sugar plumb curing the most distressing coughs in less than thirty minutes.

RHEUMATISM AND LUMBAGO,

Pain and weakness in the breast, side, back or any part of the body; female weakness; falling of the womb; piles &c. are cured by Sherman's Poor Man's Plaster which costs only 12 1/2 cents. Applied to the seat of the disease, it draws out the roots without the least pain. When such men as the Hon Aaron Clark, Hon Ed J. Porter, Hon B. B. Beardsley, Rev Darius Anthony, Rev Sebastian Streeter, Rev Mr Hancock, Doctors Mott, Rodgers, Smith and Vanderpool, Col C. S. Benson and Major Upham lend their sanction with the thousand others that have been cured by using Sherman's Lozenges, none can doubt their great and unquestionable virtues.

The most highly approved Medicine now in general use for Coughs, Colds and all diseases of the Lung.

THE VEGETABLE PULMONARY BALSAM is believed to be the most popular medicine ever known in America for Coughs, Colds, Asthma or Phthisis, Consumption, Whooping Cough and pulmonary affections of every kind. Extracts from a Certificate.

Dr Samuel Merrill, of Concord, N. H. writes that he is satisfied the Vegetable Pulmonary Balsam is a valuable medicine, having been used with complete success in cases which had previously resisted the most approved prescriptions.

Dr. Truman Abel of Lemper N. H. writes that he confidently recommends its use in all complaints of the chest, as equal if not superior to any medicine within his knowledge.

Amory Hunting of Franklin, Mass. writes, that after having prescribed the usual remedies without relief, and having consulted with several eminent physicians, he has found the Vegetable Pulmonary Balsam to have the desired effect, and recommends it as a safe, convenient and efficacious medicine.

Dr. Thomas Brown of Concord, N. H. writes, that to his knowledge it has never disappointed the reasonable expectations of those who have used it.

The public are particularly cautioned against the many counterfeits or imitations, which have partially or wholly assumed the name of the genuine article.

It is assured that it is not genuine unless one or both of the signatures of SAMUEL REED or Wm. J. C. Carter, are found attached to the yellow label on a blue envelope. (All labels of and after the date of Dec. 1839, will have the written signature of Wm. J. C. Carter. Prepared by REED, WING & CUTLER, (late of Reed &
